

Cataract Theatre Skills Course

The Med Sales Academy Cataract Theatre Skills Course is aimed at Nurses and Technicians who want to understand more about the Ophthalmology field. The course covers the basics, in order for you to feel confident to support a Cataract Surgeon during their surgical list.

Anatomy, Theatre Set up, and the Surgical process are all included in the course, as well as what to do if things don't go to plan. This course will turn you into a useful, confident person in the eye theatre, especially the Cataract Theatre. Over the 30 day period you will have chance to ask questions and try out ideas you learn on the course.

Interactive Forum

Using Zoom video conferencing you can take an active part in the course, asking questions as you learn. It feels like we are all together in a classroom.

Structure

Each module includes a live video course which is backed up with notes, plus a copy of the presentation files.

The video classes will take about 30 minutes, but we are flexible so can adapt to your needs. If you want to go over something again, we can allocate time at the end of each session.

Tutor

Warren Howell is the tutor for the Cataract Theatre Skills course. He has worked in the Medical Device Industry since 1990 and has spent time working at every level in the industry from Sales Rep to International Sales Manager.

Being in the Ophthalmology field since 1999 Warren has worked in both Sales and Application roles
